

## ABOUT OUR NURSERY & FARM

*Ambergardens* is a small combination nursery and “market farm” founded in 2000, after I admitted my hobby & passion had simply gotten out of control. I am eclectic by nature and so is the “farm”. We do a little bit of a lot of things, and like unusual or hard to find plants. Husband Gene helps out as all around mechanic and “tech” guy.

Ambers is my middle name, also my mother’s Maiden name. The name is really in tribute to my grandmother, who may have been the best cook of all time and who had a wonderful backyard garden with chickens and veggies of all kinds. As a kid, I remember it was magic to see her get dinner from the back yard. I don’t know if it is in my genes, but I find myself compelled to grow things, especially edible plants, because I also love to cook!

I am a Kitsap County Master Gardener & Master Composter. I also believe in & follow sustainable & organic farming methods; using drip irrigation, beneficial insects, compost & organic fertilizers to

foster a diverse and healthy habitat. Synthetic pesticides & herbicides have never and will never be used.

*Thank you for supporting  
Your local farmer!*

## WHY CHOOSE AMBERGARDENS?

- ✓ We use sustainable & organic farming methods.
- ✓ No synthetic pesticides or fertilizers are ever used.
- ✓ We grow our plants here so you can be sure they are suitable for our climate & your garden.
- ✓ We grow varieties you simply can't get from a store, including many heirlooms.
- ✓ Vegetables are harvested by hand at their peak for the best nutrition, taste, & storage time.
- ✓ You keep your dollars working in your community.
- ✓ You help preserve local farm land (& local farmers!)

*PLANTS*

*PRODUCE*

*FLOWERS*

*Ambergardens* grows fruit, herb, vegetable, & perennial “starter plants” for your garden.

We’re known for our large selection of tomatoes, basil, gourmet salad greens, herbs & edible flowers, including many heirloom varieties. We’re proud of our quality lavender plants and flowers and perennials that are drought tolerant or otherwise easy care.

Not a gardener? Let us grow your veggies & herbs for you. Come see us for incredibly fresh produce, all from our farm & grown using sustainable & organic farming methods.

In July/August we offer a variety of fresh cut Lavender flowers.

*HERBAL  
PERSONAL CARE*

Over the years, we’ve developed our own formulas for quality body care and household products, using herbs we grow here on the farm. We make our products using natural ingredients. We have a line of Lavender products plus a number of other herb based body & household care products. Many of our products are fragrant because of the herbal infusions and essential oils used in making them, but we never use artificial fragrance.

Our farm made natural herbal body & home care products are available year round and we’ll ship anywhere in the U.S.

*HOW  
TO PURCHASE*

*Ambergardens* products may be purchased at our Port Orchard Farmers’ Market location, at the farm, or by mail order. Please give us a couple of days notice for pre-orders to be picked up at the farmers market or from our farm.

The farm is open by appointment only; please call ahead.

Special orders are welcome.

You can find more information on our products, helpful gardening downloads, and our Farmers Market Schedule on our website.

Your phone call is always  
Welcome!
